Atlantic Pacific Processing Systems Partners with CT-Payment

Las Vegas, Feb. 28, 2017 (Business Wire) - [Atlantic Pacific Processing Systems \(APPS\)](#), a leading U.S. payment solutions provider, today announced it has entered into a strategic partnership with leading Canadian payment processor and merchant services provider [CT-Payment](#). Under the agreement, APPS will be able to offer its U.S. merchant customers payment processing products and services for their Canadian operations from CT-Payment. Likewise, CT-Payment will be able to offer payment processing products and services to its Canadian merchant customers who have U.S. operations through APPS.

“Our focus on marquee merchants, the government and municipality vertical market and financial institution partners has enabled us to grow organically into one of the most reliable and successful processors in the business today,” said Abe Maghaguian, chief executive officer for APPS. “We have found a valuable strategic partner in CT-Payment,” added Maghaguian. “We share the same important business values and internal processes, plus offer superior tools and customized payment solutions, which will enable mutual expansion in both the United States and Canada alike.”

Through the partnership, merchants, value-added resellers (VARs) and financial institution partners in the United States and Canada gain access to a full suite of payment processing services, competitive pricing structures and dedicated sales support teams. The partnership enhances both companies’ offerings and positions in the high-growth areas of integrated payments, e-commerce and global payment services.

About Atlantic Pacific Processing Systems (APPS)

APPS provides end-to-end merchant credit card and automated clearing house (ACH) payment solutions and services throughout the United States. The company delivers competitive and scalable customized, cost-effective and efficient transaction processing solutions with superior customer service to save merchants time and money. APPS specializes in multiple vertical markets and works with both value-added resellers (VARs) and financial institution partners. The company is headquartered in Las Vegas, Nevada with operations in Fountain Valley, California. For more information, please visit aprocessing.com or email info@aprocessing.com.

About CT-Payment

CT-Payment is a leading, independent payment processor. EMV certified and PCI DSS Level 1 compliant, CT-Payment leverages its robust payment network infrastructure and global connectivity to deliver innovative multichannel payment services and solutions to acquirers and the independent sales organizations/member

service providers (ISO/MSPs) representing them, independent software vendors (ISVs), payment gateways, merchants and government organizations. CT-Payment's success is based on being a single-source provider that develops, integrates and deploys a wide range of stand-alone, semi-integrated and integrated point-of-sale (POS), e-commerce and mobile payment solutions. The company also develops proprietary terminals applications and licenses its technology to banks and merchant service providers. CT-Payment is also a direct connector member of Interac, a certified Interac service provider for Interac direct debit and a certified Interac online payments (IOP) acquirer.
