## **Holistic Chamber of Commerce Endorses Atlantic Pacific Processing Systems**

**LAS VEGAS, April 25, 2017** (Business Wire) - [Atlantic Pacific Processing Systems](#) (APPS), a leading North American payment solutions provider, announced today that the [Holistic Chamber of Commerce](#) (HCC), a trade organization supporting holistic, complementary, eco-friendly and sustainable professionals, practitioners and businesses across North America, has endorsed the company as its preferred and trusted partner for payment processing solutions and services. APPS now provides HCC members with a complete suite of PCI and EMV-compliant payment solutions, competitive processing rates, and enhanced reporting and reconciliation capabilities to help safeguard and streamline business.

"An outstanding solution set combined with a demonstrated commitment to sustainability make APPS an ideal choice as our preferred payment solutions provider," said Camille Leon, HCC president and founder. "Our members are already saving more than 25 percent on monthly processing costs," added Leon. "Whether business needs require integration to a complex CRM platform, a virtual terminal for e-commerce or basic card swiping solution, the customer service and technical support our members receive from APPS is truly unparalleled," continued Leon.

"As someone deeply concerned and involved with environmental protection, as well as the health and wellness of future generations, I am very proud to put my company's expertise and capabilities to work for HCC and its members," said Leo Daboub, senior vice president of business development for APPS. "HCC members are able to take advantage of super competitive processing rates while enjoying the highest levels of transaction security, whether payment acceptance takes place at the counter, over the Internet or via mobile apps," added Daboub.

The APPS partnership enables HCC members to focus on growing and expanding their businesses by taking the guesswork out of finding the right payment processing solutions to meet specific needs. The APPS suite of comprehensive solutions helps drive sustainable growth at local community levels across North America for members both large and small.
